

My first slide

Hello world!

Here follows a very long text which I don't know about whet
... above line should have wrapped around :(

But here is some formatted text

italic works

bold works

`code` works (ignoring language for now; colored background

Florian

TODO Formatted text (using Julia's Markdown parser)

[x] **Bold** and *italic* text

[] Underline and ~~strikethrough~~ text

[] Insert blank lines

[] Automatic line wrapping (really needed?), cf. Marpit

[] Itemizations and enumerations

[] Header levels

[] Horizontal divider

[] Table formatting

[] Code formatting

[] Equation formatting

[] Links

[] Footers/citations

[] ...

Florian
