

My first slide

Hello world!

Here follows a very long text which I don't know about whet  
... above line should have wrapped around :(

But here is some formatted text

*italic* works

**bold** works

code works (ignoring language for now; colored background  
Dejavu Sans Mono not available on my system ...)

Florian

# TODO Formatted text

[x] Bold and italic text

[ ] Automatic line wrapping (really needed, cf. Marpit)

[ ] Line breaks (require an empty line between paragraphs c

[ ] Itemizations and enumerations

[ ] Horizontal divider

[ ] Table formatting

[ ] Code formatting

[ ] Equation formatting

[ ] Links

[ ] Footers/citations

Florian
