My first slide

Hello world!
Here follows a very long text which I don't know about whether it will line bre
... above line should have wrapped around :(
But here is some formatted text
italic works
bold works
code works (ignoring language for now; colored background would be cool;
Dejavu Sans Mono not available on my system ...)

Florian

TODO Formatted text

[x] Bold and italic text
[ ] Automatic line wrapping (really needed, cf. Marpit)
[ ] Line breaks (require an empty line between paragraphs or use single line
[ ] Itemizations and enumerations
[ ] Horizontal divider
[ ] Table formatting
[ ] Code formatting
[ ] Equation formatting
[ ] Links
[ ] Footers/citations

Florian
